Hi David

I apologize for the delay but I wanted to let you know that the readmissions committee voted to readmit you to the College of Law with the following conditions. You will need to retake Legal Method and Writing as well as Civil Procedure this fall. I am connecting Tammy Vavra and Admissions who will work to get you into a section that has room in those two classes.

Federal courts is not a class you should be taking this fall but it will be offered again next year. The other class options you suggested, Water Law, Energy Law, Business Organizations would all be good classes as would family law, decedents estates, environmental law, administrative law, secured transactions or employment law.

You will be required to participate in ASP tutoring this year so I am connecting Professor Calleros to this email. You will also be required to meet with Erin Pelletier our Student Support Specialist to discuss your plan to succeed this semester and you will be required to meet with me about your spring schedule.

Please let us know if you have any questions or if you need assistance with any of these steps. I look forward to seeing you this fall.

Loni Burnette, J.D.
